ICSB agrees to intake and store canine semen from the above dog. ICSB shall not be held liable or responsible to any outcomes produced by the received frozen semen from the above dog. This applies to any and all claims, losses, expenses, injuries, or damages arising out of or in any way related to this received frozen semen by reason of any act or omission, including breach of contract, negligence, errors, omissions, strict liability, breach of warranty or any reason whatsoever.

The received frozen semen will be available to the semen owner(s) for use/shipping following standard procedures, instructions to be supplied to the semen owner after the semen is stored. Payment is due at the time of intake, unless a monthly payment plan is requested/approved.

Late payment is subject to a 1% per month (12% APR) interest and \$5.00 late fee per month. After 90 days of non-payment, the account will be placed in inactive status. A charge for reactivation will be made. After this occurs the frozen semen will be subject to disposal and/or ownership will be given to ICSB for use as ICSB sees fit. This may include sale or transfer of ownership of the frozen semen by ICSB. The account balance will be submitted to a collection agency for collection. Accounts must be current in order for frozen semen to be released. It is my responsibility to ensure my account remains current with ICSB. Any change of address or phone number needs to be provided to ICSB immediately.

ICSB Fees for semen storage are charged at the time of intake and on an annual basis for storage. There are additional fees charged by ICSB when the stored semen is shipped for breeding or transfer. These fees are usually termed shipping preparation, shipping tank rental, and actual shipping charges to ship the semen to its destination and for the return of our empty tank.

Sperm cells will eventually cease living, but no one knows or can predict when this will occur, and it can vary from dog to dog. ICSB shall not be held liable for, and cannot guarantee conception from, frozen canine semen. Nor can ICSB guarantee that the frozen sperm cells will be viable at the time of thawing for insemination.

In the event of loss or damage of frozen semen due to natural causes due to weather, fire, storage/shipping tank failure, incorrect semen being inseminated or shipping tank accident/damage, ICSB would not be held liable for the loss or the replacement value of the frozen semen or costs involved in freezing and storing the semen.

***(NOTE: If this dog is owned by more than one owner and the person completing this authorization form wishes to be the sole owner of this frozen semen, a TRANSFER OF OWNERSHIP form must be completed and returned to ICSB by each owner/co-owner, agreeing to transfer the ownership of this frozen semen to the owner/co-owner wishing to be sole owner of this semen.)**

ICSB is required to have a copy of the dog's registration on file. If the registration is not provided at time of intake the owner is responsible for getting it to ICSB.
